Randy,

You can use the field on that day, Sat. Dec. 4th. I'll add it to your bill. Chris

Thanks Chris,

Is it possible to add 4 Dec (Saturday) for Rosita; same 8AM-6PM. We help host the area (county) tournaments that day. Basically, each region supports one age division (we typically get U14 Girls) and one team from each city comes for a tournament play day. This is why Hillview is extended to that date as well. Otherwise, our season ends in November as the Rosita permit indicates.

Our field use reflects the permits and so you can create a bill for Fall based on the below and the above request as well. Thanks.

At this point, I am looking to get a copy of our field permits. We have some schedule changes due to school events using the fields. So I am trying to find out what flexibility we have on what days. ... You can fax or email the permits to me. Thanks.
